

Dear representatives,

I am writing to you on behalf of Star Film Fest, a prestigious film festival for young people that takes place from August 29th until 31st of August in Sisak, Croatia. The entire program and participation is free, and our goal is to be a springboard for unestablished young artists from all over the world.

I kindly ask you to pass on the news to your film schools and film associations that applications for the 11th edition of the festival are open. If a film from your country passes, please support your representative in such a way as to cover the cost of the trip so that he can show his work to a wider audience, promote your country and at the same time contribute to the strengthening of the cultural bond between our countries, which opens up new opportunities for cooperation and cultural creativity.

In case you are interested in being a partner country or sponsor of the festival, I am sending you a presentation about the festival in the attachment so that you can get to know our work and activities in more detail and choose the support package that suits you.

I am aware of the numerous inquiries that you receive every day, but I sincerely believe that this form of cooperation would be extremely important not only for your author, but also for nurturing joint cultural and artistic creativity between our countries.

Thank you in advance for your attention and consideration of our request. I sincerely hope that we will successfully establish cooperation and together contribute to the cultural enrichment of our community.
